Berry picking will start around June 15th, we will have training hours a couple of days prior to our opening day. Picking will typically be Monday to Saturday every week until the season ends, typically no later than July 4th. We also have work for cashiers, customer service, parking lot attendant, farmers market assistant and general labor as needed.

There are many shifts available during the berry picking season. We plan on being open for picking from June 15th through July 2nd, this is subject to change at a moment's notice. Each day we need workers from 7am to 8:30pm with most of the hours available for picking from 7am to 12pm. We are also typically closed on Sundays, in the rare event that we are open Sunday we will ask for help the day before.
